ABOUT *Rozana*

Rozana is the bold voice behind the Quantum Queen movement, an unapologetic powerhouse known for helping women break every manifestation rule and ending the endless healing loop through embodied identity work to *manifest your desired life*.

With a mastery of Law of Assumption and identity work, Rozana leads high-caliber women into rapid reality shifts that defy logic.

Her clients manifest healing autoimmune disease, from situationships to a lifelong commitment, 5-figure income, and body transformations using her Quantum Embodiment framework.

Rozana is here for the self-led, go-getters and goal-diggers who are ready to activate their best-case scenario timeline and expand nervous system capacity for overflow, and normalize winning.

Her signature approach blends spiritual law with quantum strategy and fierce, practical, self-leadership, creating results that move fast and last long-term.

Through her signature mastermind Quantum Queen and signature framework, Rozana is rewriting the standard for what's possible when women stop overfunctioning and start becoming the one who has it all.

TESTIMONIALS

My specific person (SP) came back and we are now back together and its better than ever.

He just texted me this morning and it took a month but he still came back

Rozana taught me somatic healing and integration into manifestation !!
Body level trauma release!!

In January, I did more business activity. I literally had a sale every single week, and that is actually amazing because in all 3 years of running my business / was never that productive.

INTERVIEW QUESTIONS

1. Many people confuse manifestation with wishful thinking. What is the fundamental difference, and what is the "science" (neurology/psychology) behind what you teach?
2. In your experience, what is the single biggest block that prevents high-achievers from manifesting money and a committed relationship, and how do you help them dissolve it?
3. You emphasize the "Power of Identity." Can you walk us through a quick, actionable exercise listeners can do right now to shift their identity toward their desired reality?
4. What role does conscious journaling play in the manifestation process, and how does it differ from a standard diary or mood journal?
5. What is the first step someone should take today to move from feeling overwhelmed to consciously embracing abundance and success?
6. What are the first 3 steps you would take a client who has experienced disappointment and heartbreak to a loving, committed relationship that lasts?
